May 2020

BUDGET

\$14M

LEED STATUS

PROJECT SUMMARY

The project consists of a four building complex tenant improvement of roughly 730,000 square feet. The office space has three floors, with kitchen/dining and many amenity spaces in each. The project was planned in phases, with two of the phases taking place within an occupied space. This one of a kind project boasts high-end finishes and an elegant design with mostly exposed HVAC. It is currently the largest single project tenant improvement in San Francisco history.
