

# Stanford HHMB Air Handling Unit Replacement

Stanford, CA

## CLIENT/OWNER

Stanford University

## GENERAL CONTRACTOR

Hathaway Dinwiddie  
Construction Company

## DURATION

4 Months

## COMPLETION DATE

November 2019

## PROJECT SUMMARY

The project replaced two 25,000 CFM air handling units in an occupied building. The project was completed with zero downtime to the occupants by phasing the equipment replacement and re-configuring the existing equipment to provide temporary conditioning.
